

Layla Nasser

Data Scientist — Beirut, Lebanon

layla.nasser@example.com | +961 71 456 789

Summary

Data scientist blending statistical rigor with business sense. Builds churn and propensity models, designs A/B tests, and communicates results to non-technical stakeholders.

Experience

Data Scientist — LevantPay (*Mar 2022 – Present*)

- Built the churn-prediction model (scikit-learn) saving an estimated \$400k/year.
- Designed and analyzed 20+ A/B tests for the growth team.

Data Analyst — RetailIQ (*Jan 2020 – Feb 2022*)

- Owned the executive KPI dashboards (SQL, Tableau).
- Automated weekly reporting, saving the analytics team 10 hours/week.

Education

MSc Statistics, Saint Joseph University of Beirut (2019)

Skills

Python, pandas, scikit-learn, SQL, Tableau, Power BI, A/B testing, statistics, data storytelling
