

Omar Haddad

Machine Learning Engineer — Dubai, UAE
omar.haddad@example.com | +971 50 234 567

Summary

ML engineer focused on taking models from notebook to production. Experience across computer vision and recommender systems, with solid MLOps practices.

Experience

Senior ML Engineer — RoadTech (Sep 2023 – Present)

- Built the ride-recommendation system (PyTorch) lifting conversion by 12%.
- Set up the feature store and MLflow-based experiment tracking for the ML team.

ML Engineer — SightAI (Feb 2021 – Aug 2023)

- Trained and deployed object-detection models for retail shelf monitoring.
- Deployed models to AWS SageMaker with automated retraining pipelines.

Education

MSc Data Science, University of Jordan (2020)

BSc Computer Science, University of Jordan (2018)

Skills

Python, PyTorch, scikit-learn, MLflow, SageMaker, Docker, Airflow, SQL, computer vision, recommender systems

Languages

Arabic (native) · English (fluent)
