

Tomas Garcia

Senior QA Automation Engineer — Buenos Aires, Argentina (remote)
tomas.garcia@example.com | +54 911 901 2345

Summary

QA engineer who moved from manual testing to full automation ownership. Builds test frameworks, wires them into CI, and treats flaky tests as bugs.

Experience

Senior QA Automation Engineer — GreenCart (Aug 2023 – Present)

- Own the Cypress + Playwright suites gating every deploy (900+ tests, <1% flake rate).
- Introduced contract testing for 14 internal APIs.

QA Automation Engineer — PagoSur (Apr 2020 – Jul 2023)

- Built the Selenium-based regression suite for a payments platform.
- Automated API testing with Postman/Newman in CI.

Manual Tester — SoftQA (Mar 2018 – Mar 2020)

- Executed test plans for web and mobile clients.

Education

Technical Degree in Programming, UTN Buenos Aires (2017)

Skills

Cypress, Playwright, Selenium, Python, JavaScript, Postman, JMeter, CI/CD, contract testing
